## SURVEY BEING CONDUCTED BY LOCAL PLANNING BOARD

The Bethel Planning Board is seeking the help of citizens of Bethel during the two-week period from Nov. 28 to Dec. 10, when a nine-page opinion survey will be distributed to all households by a group of neighborhood coordinators. The survey queries residents of the town on all facets of town life, from recreation to health care, to industrial development. The Airport Study Committee, the Board of Selectmen, and the Recreation Board cooperated in the effort by submitting questions of particular concern to them. Citizens will be given the opportunity to indicate how satisfied they are with 24 agencies and services of Bethel's town government, and to offer comments and suggestions. The final portion of the survey concerns attitudes toward municipal spending in 14 areas of the town budget.

The purpose of the survey is to assist the Planning Board in renewing and updating Bethel's Comprehensive Plan which dates from 1967. A vital part of the plan is outlining goals and directions for town government, and the response to the survey will be used to do this.

A number of people listed below have volunteered to assist the Planning Board by delivering the surveys in their neighborhoods and collecting them. Anyone who does not wish to have the survey collected may return it to the Town Office in person or by mail. Extra forms are available at the Town Office as well. The members of the Planning Board, George Nickerson, Bob Chadbourn, Dick Douglass, Dana Douglass, John Gray, Cathy Newell, and Bob Crockett, may be contacted by anyone with questions. Neighborhood coordinators are: Upper Main and Philbrook Sts., Sue O'Donnell; Chapman St., Art Froburg; Kilborn and Tyler Sts., Wendy Rice; Elm, Summer and High Sts., Jane Barby; Church, Park and Winter Sts., Cathy Newell; Railroad and Mechanic Sts., Merton Brown; Broad St. and Mill Hill, Sandy Caton; Upper Paradise St. and Eden Lane, John Gray; West Bethel Village, Mary Ellen Newell; Bridge, Cross Sts., and Riverside Drive, George Nickerson; Mayville, Dana Douglass; Sunday River Rd. and Rt. 2, Dick Douglass; Sunset, Locke Mills and Middle Intervale Rds., Don and Edie Eddy; East Bethel Rd., Stanley Howe; Locke Mills-East Bethel Rd.,

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

With Thanksgiving Day this week, the Town Office will be closed both Thursday, Nov. 25, and Friday, Nov. 26. The Town Dump will be closed Thanksgiving Day but will be open normal hours Friday through Sunday.

As a reminder, taxes should be paid by Nov. 30 to avoid interest costs. Interest is at the rate of 1% per month or part thereof on any balance unpaid Nov. 30, retroactive to Oct. 1.

The Town has a diamond tipped marking pen which residents can borrow to mark valuables for ready identification should they be stolen. Interested residents should contact the Town Office. This pen was given to the Town by the Casco Bank.

The Board of Selectmen took action on a variety of items at their regular meeting Monday night, Nov. 22.

Kerry Hucksins of the Boise Cascade Co. met with the Board to discuss the Forest Guidance Report he prepared for the Board regarding the "Town Farm" lot. Following discussion, the Board asked Mr. Hucksins to prepare a five-year Forest Land Management Plan for the lot. Board members stress that their main objective was sensible care of the lot and not the generation of income.

A Liquor License Application was presented for the Norseman Inn. Following a hearing, at which no one was present to speak for or against the application, the Board approved and signed the application.

A. L. Labrecque met with the Board to discuss a plan for placing his parcel of land on the Northwest Bethel Road under the Tree Growth Program.

Upon the recommendation of the Town Manager, the Board voted to place the maintenance of the Town Office Vault door under a service contract in 1977.

After lengthy discussion about the purchase of a new light and continued on Page Five

Bob Crockett; Rt. 26, Bob Chadbourn; Bird Hill, Bill Cousins; Lower Main and Clark Sts., Peter Kallay; Vernon St., Marcia Denison; Spring, Mason and Crescent Sts., Rachel Mackay; Lower's Lane, Songo Rd., Lawrence Bartlett; Grover Hill, Edlen Winslow; Lower Paradise and Evergreen Rd., Dexter Landers; Steammill, Mary Doon; Northwest Bethel Rd., Richard Sweetser. Volunteers for the Flat Road and Route 232 have yet to be secured.

The Planning Board depends on your help in working hard on directions for OUR town. The goal is 100% participation on the survey. How about it?

Thanks is expressed to Gould Academy for the use of their facilities, to Telstar Regional High School for lending their typewriters and to every individual and organization who participated; blood donors, volunteer workers, cooks, and especially those who gave the specific type of blood which was so urgently needed for surgery at Maine Medical Center on Tuesday.

**VOLUNTEERS NEEDED TO ASSIST LOW-INCOME AND ELDERLY TAXPAYERS**

Volunteers from Maine are needed to offer free tax assistance to low-income and elderly taxpayers as a part of a program called the Volunteer Income Tax Assistance (VITA) program, the Internal Revenue Service has announced.

This public service activity provides an excellent opportunity for concerned individuals and groups to assist taxpayers with fairly simple returns to file, especially the Short Form 1040. Taxpayers who qualify for the Earned Income Credit can also receive help in claiming the credit, according to the IRS.

The IRS provides assistance with a three-day course in basic income tax procedure. In addition, the IRS makes available the necessary forms and schedules, and detailed guides on tax laws and how to file a return.

In helping low-income taxpayers for no fee, the assistants are providing assistance to a group of taxpayers least able to afford the cost of professional tax returns preparers.

VITA assistance is given at convenient hours within local communities—usually at community centers, church halls, or neighborhood meeting places.

The IRS encourages VITA assistants from all elements of the community, including college students, community action and welfare groups, religious and governmental organizations, and fraternal societies, to participate in this program. Individuals or groups wishing to participate in VITA should contact the IRS office in Augusta at 297-622-6171, Ext. 469, and ask for the VITA Coordinator, Dennis Burgess.

**IN MEMORIAM**  
In Loving Memory of Mary and Lisa Howard

Again we're approaching the holiday season another year has come and past sweet memories still come flooding back but that empty, hollow feeling holds fast.

I know Mary and Lisa, hand in hand, have traveled the path to heaven above. They're suffering with human pain and suffering now they feel eternal love. Those of us that remain behind walk proud with our heads held high.

But sometimes when we gaze up at the heavens there will appear, in our eyes, that we'll see the reason why—maybe someday we can understand.

We realize that sometimes it's hard to accept the things that God has planned. Someday they'll all be together again.

Only God knows when that time will be. But until we all meet at God's will, missing you, in our memories, you will live.

Sadly missed by Mother, Sisters and Brothers

**Mrs. Collista Morgan, Corres.**  
The blue hills dream in smoky haze. A smile of gratitude spreads across the earth. Hither and yon a rabbit scurries at a fast pace preparing his winter home. Pale shadows creep ghost-like upon the mountains. Each tree gives back to earth its leaves to carpet the waiting ground again. AND this day, past mid-November, a lonely robin hopped on our lawn among the green with a back-ground of pond ice. I wonder, "Did he get his seasons mixed or lose his way?" But the gossip call of an old blue jay, told him not to stay. This is the first one I have seen since one afternoon when a flock came to my lawn in late October. They seemed to drop from the sky one by one until I counted 48. How many more there were I don't know. They stayed for awhile then went on as they had come leaving only their call, "Fear not! Fear not!"

I have watched this week's sunsets on the canvas of the sky, painted in scarlet, gold, violet, and orange; not the spreading panoramas, as in midsummer, when its colors reach far to the horizons but smaller in size and softer shades. A golden ray of sunset marks the end of day.

The frost silvers vines beneath the moon and stars. How long it has been since you have taken time to notice the stars? There are moon lights, vapor lamps, traffic lights, and store signs. But when did you watch the stars? At night the coolness overlaps the warmth of day, and as night folds down over the countryside there's serenity and peace over all. The sky is sprinkled with stars, and every thing is beautifully by day flattered in the moon's tender light. These stars and planets and constellations are all companions of the night. At times they swing so low that they seem like a swarm of fireflies.

And this week there's a ring around Thursday which proclaims Thanksgiving Day even as it was proclaimed 300 years ago on Nov. 25th when these words were written into Plymouth Colony records: "It has pleased God in some comfortable measure to bless us in the fruits of the earth."

So it's time for baked turkey and cranberry sauce and to be thankful for many things. I haven't space nor time to list all my blessings in such a lengthy rhyme. So may you be happy with merry laughter to fill your home with joy and play for its grand old day with those you love—have a happy Thanksgiving Day.

## STATE POLICE REPORT RISE

IN SERIOUS CRIME DURING  
FIRST SIX MONTHS OF 1976

The Maine State Police report  
serious crime in Maine rose 5.2%  
and property crimes by 5.3% for  
the first six months of 1976 over  
the same 1975 period.

"The Uniform Crime Reporting  
(UCR) unit, in publishing for the  
first time comparison figures for a  
like period of the previous year,  
in its "Crime in Maine" Report,  
also released figures showing as-  
saults on law enforcement officers  
—already a major concern in  
Maine—increased by 70.9% over  
the same 1975 period," said Allan  
H. Weeks, Chief of the Maine  
State Police.

Assaults on law enforcement of-  
ficers in Maine are increasing at an  
"alarming" rate, making the as-  
sault rate "among the highest in  
the nation," Col. Weeks said.

A special task force, appointed  
by Gov. James B. Longley, to study  
the problem is due to report their  
findings—and recommendations—  
near the end of November, Weeks  
said.

The 43 page "Crime in Maine" re-  
port for January through June  
1976, said 1,035 violent crimes  
were reported as compared to  
1,000 violent crimes during the  
same 1975 period.

Violent crime represents 5.2%  
of all index (i. e., serious, fre-  
quent and measurable) crimes, and  
involves the element of personal  
confrontation between the perpe-  
trator and victim. This consists  
of murder, rape, robbery and ag-  
gravated assault.

Murder and nonnegligent man-  
slaughter decreased by three dur-  
ing January through June 1976. There  
were six actual murders compared to  
11 during the same 1975 period.  
Police cleared three by arrest.

There were 38 actual forcible  
rape offenses—a decrease by  
15.0% from the same 1975 re-  
porting period. Twenty-one re-  
ports were cleared by arrest.

Robbery increased by 11 during  
the January through June report-  
ing period. There were 182 ro-  
beries, compared to 191 for the  
same 1975 period. The greatest  
number of robberies occurred on  
highways (streets, alleys, etc.).  
Police cleared by arrest 43.2% of  
the robberies.

There were 799 aggravated as-  
saults (i. e., use of knives, fire-  
arms, dangerous weapons, or  
where hands, fists, or feet cause  
serious injury during the first  
six months of 1976—an increase  
of 36 over last year. Use of fists  
or feet were used in 61.3% of  
the aggravated assaults. Police  
cleared 76.7% of the aggravated  
assaults by arrest.

Property crimes by burglary, lar-  
ceny and motor vehicle thefts  
made up 94.8% of all reported  
index crimes. There were 18,769  
property crimes reported compar-  
ed to 17,825 property crimes re-  
ported in 1975. Larceny, with an  
increase of 10.5% over last year,  
was the offense with the largest  
gain. Burglary decreased 1.8% dur-  
ing this same period.

According to the UCR "Crime  
in Maine" Report, the value of  
property stolen during residential  
burglary increased 76% over 1975,  
while the number of offenses in-  
creased by 8.7%. Property valued  
at \$5,000.00 was stolen from Jan-  
uary through June 1976, and re-  
covered. \$25,588 of this property was re-  
covered.

Larcenies continued to increase  
at an "alarming" rate, said  
Robert E. Wagner, Supervisor of  
UCR, with an increase of more  
than 1,000 offenses accounting for  
an increase in value of more than  
\$100,000—from \$1,322,722 to  
\$1,623,938. Police cleared by ar-  
rest 17.4% of all larcenies.

The "Crime in Maine" semi-an-  
nual report also showed that 932  
motor vehicles were stolen during  
the six month period. The value of  
motor vehicles stolen was \$1,  
674,033, while the recovered val-  
ue of \$1,445,010, represented a  
recovery rate of 77.1%.

Crime on a county by county  
comparison with the like 1975 pe-  
riod showed 11 counties increased their  
crime index count while five  
(Androscoggin, Kennebec, Sagadah-  
oc, Somerset, and Washington)  
showed decreases.

In addition to keeping a record of  
crime reported, local, county,  
and state law enforcement agen-  
cies also submit information to  
UCR on the persons arrested.

Maine law enforcement officers  
made 16,103 arrests from January  
to June 1976. Nearly one-third in-  
volved juveniles. Of the adults ar-  
rested, nearly one-half were under  
age 24, and over one-fourth be-  
tween the ages of 25 to 34.

Arrests involving liquor viola-  
tions revealed 94% of all arrests  
involving adults were for driving  
under the influence of liquor,  
while 6% were for violations of  
liquor laws.

Regarding juveniles, 79.8% of  
all arrests involving juveniles  
were for violation of liquor laws,  
while 20.2% were for driving  
under the influence of liquor.

The "Crime in Maine" semi-an-  
nual report revealed that 73.4%  
of all adult drug arrests involved  
possession violations, while 26.6%  
were for sale or manufacturing of  
drugs.

And, 80.9% of all juvenile drug  
arrests involved possession viola-  
tions, while 19.1% were for sale or  
manufacturing of drugs.

(Editor's Note: The "Crime in  
Maine" semi-annual report serves  
to inform the Governor, Legisla-  
ture, Law Enforcement adminis-  
trators, and the general public  
through the news media of the  
trends in crime throughout the  
State of Maine. UCR provides a  
"Crime Clock Average" with the  
annual "Crime in Maine" report.)

**THE ALCOHOLIC SPEAKS TO**  
**HIS/HER FAMILY** —  
"Excerpts from 'What Honors —  
I am an alcoholic. I need your  
help."  
Don't lecture, blame, or scold  
me. You wouldn't be angry at  
me for having T.B. or diabetes.  
Alcoholism is a disease too.  
Don't pour out my liquor; it's  
just a waste because I can always  
find ways of getting more.  
Don't let me provoke your an-  
ger. If you attack me verbally or  
physically, you will only confirm  
my bad opinion of myself. I hate  
myself enough already.  
Don't let your love and anx-  
iety for me lead you into doing  
what I might do for myself.  
If you assume my responsibilities,  
you make my failure to assume  
them permanent. My sense of guilt  
will be increased, and you will  
feel resentful.  
Don't accept my promises. I'll  
promise anything to get off the  
hook. But the nature of my ill-  
ness prevents me from keeping  
promises, even though I mean  
them at the time.  
Don't make empty threats. Once  
you have made a decision, stick  
to it.  
Don't believe everything I tell  
you, it may be a lie. Denial of  
reality is a symptom of my ill-  
ness. Moreover, I'm likely to lose  
respect for those I can fool too  
easily.  
Don't let me take advantage of  
you or exploit you in any way,  
because I cannot exist for long with-

## Editorial Comment

### EFFICIENCY OR FARCE?

For those readers of "The Cit-  
izen" who missed the Greenwood  
City and North Paris items last  
week a word of explanation is ex-  
tended. Both of our faithful cor-  
respondents in those areas mailed  
their contributions in time, but  
thanks to the vagaries of the U.  
S. Postal Service it took from  
Monday to late Thursday morning  
to traverse the distance between  
West Paris and Bethel.

Except in the rare instances  
where the intervention of our U.  
S. Senators and Congressmen have  
been successful, there is no di-  
rect connection between individ-  
ual Post Offices served from sec-  
tional centers (in this area—Oxford,  
Andover). Any mail between Post  
Offices first must go to Auburn  
before it is delivered even to a  
Post Office in an adjacent town.

In fact, mail picked up in rural  
areas (Star and/or Rural Routes)  
in most instances goes to section-  
al centers before it is delivered in  
the Post Office where the Star  
and/or Rural Routes originate.

In years past, by a judicious  
noting of mail-closing times, it  
was possible to send a letter and  
get an answer to it the same day  
between Post Offices in quite a  
large geographical area in Oxford  
County. In this age of efficiency  
and zip codes and modern tech-  
nology the powers that be say that  
one day delivery is the post.  
Same day delivery for the Post  
Offices between West Bethel and  
Auburn would be efficiency; prob-  
ably one day service will have to  
be tolerated — but three days.

## GOD'S MIRACLE BOOK

By Dr. J. Philip Jackson  
Community Church,  
Rumford Center

The authorship of God's mira-  
cle book, the Bible, is wonderful.  
In its sixty-six books (a complete  
library in one volume) we have  
words written by kings, poets,  
sages, philosophers, gatherers of  
cayamore fruit, preachers, exiles,  
captives, poor men, rich men and  
fishermen.

It is filled with history, law,  
ethnology, genealogy, ethics, elo-  
quence, prophecy, medicine, sociol-  
ogy, and philosophy.

This miracle book is superna-  
tural in origin, divine in author-  
ship, human in penmanship, in-  
fallible in authority, inexhaustive  
in its adequacy, a book of di-  
versity in unity, infinite in scope,  
universal in interest, eternal in  
duration, personal in application,  
inspired in totality, inestimable in  
value, immeasurable in power, un-  
surpassed in literary beauty, un-  
equalled in simplicity of expres-  
sion, immortal in its message, the  
masterpiece of God.

Christ Himself is the secret of  
the Bible's unity, strength and  
beauty. He said: "Search the Scrip-  
tures, for in them ye think ye have  
eternal life: and they are they  
which testify of Me." (John  
5:39).

When the world becomes a cin-  
der and time is swallowed up into  
eternity, when the sun closes its  
fiery eyelid and the moon is un-  
scathed from its socket and  
thrown into the trashcan of ob-  
livion GOD'S WORD WILL STILL  
ENDURE.

May the corporate body of  
Christ in this alcoholic society be-  
come so saturated with the Word  
of God and the Spirit of God that  
the Kingdom of God will be ush-  
ered in with power.

Thanksgiving  
We celebrate Thanksgiving this  
Thursday, and it is a measure of  
how far we have come as a nation  
that a politician can write about  
our oldest holiday without fear  
that his motives might be misun-  
derstood. It has not always been so.

Harvest celebrations are as old  
as history. In fact, probably the  
first Thanksgiving Day in Amer-  
ica was celebrated by the Pilgrim  
colonists in 1607 here in Maine.

But it is the Pilgrims whom we  
credit with the first Thanksgiving  
as we know it today. They gave  
thanks that day not only for their  
meagre harvest, although it would  
help them avoid starvation during  
that first cold winter in the New  
World. They also gave thanks for  
an end to the political repression  
of their religious beliefs.

And as they gave thanks, I am  
sure they prayed that the New  
Land would be a tolerant one, and  
would let their beliefs, as well as  
their crops, grow and flourish.

The new nation of America 150  
years later gave thanks that guar-  
antee of religious and intellectu-  
al freedom. Thanksgiving remain-  
ed chiefly a religious festival well  
into the last century. But it also  
remained an expression of religious  
freedom.

During the Revolution, the Con-

siren for the new police car, the Board voted to accept the quote of Lincoln B. Fiske representing Admiral Fire and Safety, Inc., for a Federal Twin Sonic Light and Siren. The cost of this equipment is \$568.43. This quote was the highest of three received, but was accepted because it was felt that the equipment best suited the needs of the Police Department.

This action was taken because funds for this purpose are mainly expended on a reimbursement basis during the first three months of the year.

The Board discussed municipal paid holidays and reaffirmed the 10 paid holidays which have been given in the past. These holidays include New Year's Day, Washington's Birthday, Patriots' Day, Memorial Day, July 4, Labor Day, Veterans' Day, Thanksgiving Day, the day after Thanksgiving, and Christmas Day.

In other actions, the Board approved minutes of the Nov. 8, 9, and 16 meetings, signed warrants, signed a quit-claim deed for George and Margaret Phillipon, signed snow removal mileage forms, reviewed the October Financial Statement, and reviewed the 1977 proposed budget adoption schedule.

## ATTENDANCE OF 200 REPORTED AT TELSTAR OPEN HOUSE

The open house at Telstar Regional High School last Thursday evening attracted more than 200 parents and citizens of S. A. D. #44. Visitation to the various classrooms was held for parents who had any questions regarding the progress, or understanding of the subjects involved, of their children for the first ranking period. Rank cards were distributed in the afternoon, a big help to both the parents and teaching staff.

A question and answer period was held in the auditorium, with a panel consisting of Samuel Elliott, of the Counseling Staff, acting as moderator, Supt. Kenneth Smith, Adult Education Director Marie Wilson, Student Council President Victor Hathaway, District Psychologist Arthur Froberg, and Rodney Abbott of the teaching staff, answering the questions.

Student Council members of the Junior and Senior High School, acting as guides were invaluable to the parents in seeking out the various class rooms. The Telstar Band, under the direction of Jerry Heffley, played two selections and played the Telstar School Song which was written and arranged by Mr. Heffley after his arrival at the school during the past summer to assume the position of Director of Music.

Mrs. Marie Wilson, Director of Adult Education, gave a brief resume of the Adult Education Program, and Brian Flynn, Telstar principal, welcomed the parents in behalf of the teaching and administrative staffs.

Felix Otero-Otero, coordinator of the Open House Program, was introduced and received an ovation for the efficient manner in which the Open House had been conducted.

Future goals of the University of Maine at Orono will be discussed by faculty and staff at a forum scheduled for Tuesday, Dec. 7, at Wells Commons Lounge. The forum, which will be held from 7:30 to 10 p.m., is a normal step in the process of preparing for re-accreditation by the New England Association of Schools and Colleges. Areas to be discussed include: Interdisciplinary study, greater access of educational offerings to citizens and living environment for students. The visiting accreditation team representing NEASC will be at Orono Mar. 12-14.

Dr. Amr Ismail of the University of Maine at Orono's College of Life Sciences and Agriculture has been named Maine Blueberry Professor of Horticulture, a professorship funded by the Maine Blueberry Industry Advisory Board. Ismail, UMO's blueberry expert, becomes the sixth faculty member currently holding a named chair at UMO. Funds from the industry will support blueberry research and extension efforts for the next five years.

## North Paris

Eveline Barrett, Corres.

We were very sorry to hear that our long time friend, Verna Swan, Bryant Pond, fell Nov. 11, while she was getting into her car and broke her knee cap. It will be a long winter for her.

Loie O'Hearon drove Mrs. Janet Cohen and Mrs. Phyllis Hyams to Portland Friday where Janet had a doctor's appointment.

Mr. and Mrs. Elsworth Lawrence will go to Greenwood Thanksgiving to dine with the Norman Millett family.

John Estes will dine with the Herbert Estes family, Norway.

Mr. and Mrs. Arthur Stevens and three sons had an early Thanksgiving with his parents, Mr. and Mrs. Herbert Stevens and Betty, Nov. 21.

Lloyd Huntley has a nice shiny station wagon, white with a maroon top.

Thursday about 4 p. m. we saw Jim Ring go by hauling Mildred O'Shea's mother trailer and we saw it in Jim's yard, so I guess he has a new home.

I pinch hit for Doris Lawrence Thursday and made two chicken pies for the church supper at West Paris, as she was working.

Sandra Herick has been at Norway Hospital for an appendix operation.

Mr. and Mrs. Maynard Emery, Mechanic Falls, called on Mr. and Mrs. Elsworth Lawrence Monday evening, Nov. 8. They brought 10 squash and two pumpkins.

The Emerys will go to Florida soon. Other callers were Sandra, Jeff, and Jim, who had supper Tuesday night, Nov. 9. Root Lawrence went with Charlie Coffin to help find his cow that went wild.

Traffic has been very heavy. Many orange vests and jackets but as yet we haven't seen much game go by.

When the holiday (Nov. 11) came I didn't forget to put the flag out, the wind just stopped me. The flag is 6' x 9 1/2" and when it was half way up and the wind got under it, I felt like I was hanging.

I knew I shouldn't leave it at half mast so I trotted it right back home. If I had gone sailing over Moose Pond people would have thought the devil was after them.

Doris Lawrence, Joe and Eveline Barrett attended the Parade at Locke Mills on Armistice Day but Joe who served as commander for two years in the forties didn't ride in the parade as it was too cold and windy. Maynard Chase, West Paris, also went and he rode in the parade.

Mr. and Mrs. Norman Millett, Maureen, Sherry, Brenda, Stevie, Mr. and Mrs. Dale Coffin, Jeff and Jim, had dinner with Mr. and Mrs. Elsworth Lawrence, Nov. 14, in honor of Jeff's birthday, which is Nov. 17. He was eight years old.

Our champion insurance collector, Glenn Reed, Portland, was in town the past week. He worked on the holiday also Saturday so to have a day or two hunting. When he got to Barre he was ready for mince meat pie and also took a quart home with him. What's he need a deer for now?

John Estes was at Dr. Weeks, South Paris, Friday, Nov. 12, also he took his drivers test and passed. He will be 80 years old soon.

Tina O'Hearon, 14, was a lucky hunter, Nov. 11. It dressed 100 pounds.

Mr. and Mrs. Earl Cordwell have gone to Arizona. Their nephew, South Paris, drove them as far as Philadelphia as he went there on a business trip. Every little helps on a long trip.

One of John O'Hearon's big pigs is walking about in the field. It's a wonder a hunter doesn't shoot it. If some one did I might sneak out a pork chop.

Until next week you do the hunting but don't stop a bullet.

## MAINE HISTORICAL FILMS

BEING PRODUCED BY UMO

Maine Historical highlights, including the lumberman's role in the development of Maine's forest industry and Arnold's march to Quebec, are being produced in sound filmstrips by the University of Maine at Orono's new History Media Center.

The filmstrips, which are accompanied by a teacher's guide and script, are designed for eighth grade through adult audiences. As an introduction to the series the first production, "Building Maine's Railroads," will be sent free of charge to all schools in Maine.

The sound filmstrip packages have been developed from student productions made in a UMO history course, History Media Production, taught by Dr. Stewart Doty. The first production on Maine's railroads was a project designed when he was a senior by Gordon Sanborn of Hampden Highlands, now a graduate student in electrical engineering.

With the assistance of the UMO Instructional Systems Center and the history department these student-created productions are being developed for use by teachers and other groups. Each filmstrip will have about 50 visuals and will be accompanied by a cassette tape of 10 to 15 minutes in length and a printed script with bibliography.

The packages are being developed for sale so that the course may continue to produce further sound filmstrips of educational value, and it is hoped that future productions can include United States and European history as well as the history of Maine.

The next series, which will be available in February 1977, includes "Maine in the Civil War" and "When Maine Ran Washington."

Set three, available in May, 1977 includes "Forever Wild: Baxter and Baxter State Park" and "The Maine Lumberman, 1900-1920."

which uses the music and words of the lumbermen to tell the story of life in an old-time woods camp.

Other sets, scheduled for release in September, 1977, are "The Arnold March," "The Penobscot Expedition, 1779," and "Colonial Pemaquid," plus three from the following: "Founding the University of Maine" (why land-grant universities were established and how students lived), "Mental Health in Maine," "The Shakers of Sabbathday Lake," "The Maine Granite Industry," "Yankees and Acadians in the St. John Valley," "The Nineteenth Century Maine Homemaker" and "The History of Maine Labor."

The original, unedited productions have been available for use in UMO classrooms and earlier productions for both U. S. and European history are also available from the file of material developed by students in the history media courses.

The current project is directed by Prof. Doty and Dr. Edward Caffarella, director of the Instructional Systems Center, with history department faculty as consultants to insure historical accuracy. A senior history major, Cynthia MacDonald of Bangor, is the editorial assistant.

## Federal Paper Pushing

There is one government agency that actually has a mandate to push paper. It is the Commission on Federal Paperwork which has been in operation for a year now in Washington, pushing those quadruplicate forms and confusing reporting sheets right into the garbage can and out of operation in the federal government.

The Paperwork Commission has proved very helpful thus far through its interim reports and recommendations on how to simplify, shorten and eliminate duplication of federal forms. One of the most notable accomplishments is the passage of a new law requiring employers to report employee wages only once a year instead of four times. This law, which passed the Congress with my full support, saves some 24 million pages of federal forms annually. That amounts to a pile of papers several times the height of the Washington Monument.

While it stands to reason that wasteful government operations are costly to the taxpayer, there is also an additional and quite expensive impact on the consumer in the private sector as well. For example, the Paperwork Commission found that:

A major pharmaceutical company testified that the cost of required federal paperwork adds fifty cents to the price of each prescription.

Several hospitals estimate that federal paperwork alone costs them \$4 per patient per day. And one nursing home operator testified that costs for collecting Medicare and Medicaid payments came to about \$30 per patient per month.

As a result of such astounding findings, the Commission on Federal Paperwork has recommended several cost saving measures such as:

\*\*\*saving \$6 billion per year by combining applications for 41 federal and state welfare and income security programs.

\*\*\*saving \$150 million per year by developing a uniform health bill form to be used by government, hospitals, nursing homes and private insurance companies for Medicare and Medicaid payments.

\*\*\*saving \$30 million per year by devising a simpler, less duplicative system for collecting and reporting energy statistics.

The Federal Paperwork Commission must issue its final report to Congress in October, 1977. In the meantime, it will continue sifting through the papers, looking for ways to shorten, simplify or eliminate as many of them as possible. If you have your own comments or complaints about needless paperwork you have invited to press for reforms that will help them and others in Maine reduce their needless federal paperwork burdens.

## OFFICERS OF THE OXFORD COUNTY RETIRED TEACHERS ASSN.

Following its annual meeting at the Telstar Regional High School last Saturday forenoon, the officers of the Oxford County Retired Teachers Association met on Saturday, Nov. 20 at Telstar Regional High School for a meeting and installation of officers with about 85 present. The regular business meeting was held in the library with Association President Howard Millett of Waterford, presiding.

A newsletter of services was presented by Collette Morgan of Greenwood, with Ada Bracy and Louise Peabody, joining them in the hymn, "Beyond the Sunset."

At noon a luncheon was served in the Telstar Cafeteria, where they were welcomed by S. A. D. 44 Superintendent of Schools, Kenneth Smith, who stressed the differences in the school systems of the past and the present. He pointed out that in the schools which the members had attended as pupils, and in which some of the members had taught, there had been no Adult Education, no Vocational School, and no Special Education.

Mr. Smith also pointed out the differences in discipline faced by the teachers of today and those of the not too distant past, and by the drug and alcohol problem faced by the schools.

At the conclusion of Mr. Smith's talk, Elizabeth Tebbets and Mary Valentine played a piano duet, consisting of three numbers: "Liebestod" by Fritz Kreisler, arranged as a piano duet, "Andante" from the "Sonata in D" by Mozart, and "Embarkment for Cythere" by Francis Poulenc.

The installation of the following officers by Forrest Stowell of Paris concluded the three and a half hour meeting: President, Elsie Haines, Bethel; vice president, Olive Palmer, Fryeburg; treasurer, Mildred McAllister, Norway; secretary, Stella Edwards, Otisfield; and corresponding secretary, Hazel Wheeler, West Bethel.

At the conclusion of the meeting, a social hour was held, and refreshments were served. The meeting was a success, and the officers were well received.
